Rankings include two years of races (e.g., two sets of trials, two national Championships). Races start with the 2006 Jr. Team Trials, and include all of the usable results available to me. Additional race results for USACK sanctioned races will be added to the rankings if the race results are submitted to Msloanc1@aol.com. To be included, results must include Class, First Name, Last Name, and Final Score on an EXCEL spreadsheet.

Summary Notes on Methodology

- 1) Ranking Points are determined by the average of the three best race results.
- 2) Ranking points for each race are determined by adding strength of field and race points for each race.
- 3) Strength of field based on 3 highest ranked paddlers in top ten (with poor performances excluded), with a bonus based on winners margin.
- 4) Strength of Field for Senior Team Trials and Senior National Championships is automatically = 0
- 5) Race Time Factor is multiplied by percent off winner to determine athlete race points.
- 6) The normal Race Time Factor is 5 points for each percent off the fastest boat in the race.
- 7) The Race Time Factor is adjusted to reflect difficulty of course as determined by race results.

Disclaimers: These rankings are prepared by volunteers, and are unofficial unless specifically approved by USACK. We do not warrant the accuracy or completeness of the results. Any errors should be reported to msloanc1@aol.com. Full documentation on the rankings methodology is not yet available. All inquiries should be directed to Mike Sloan at msloanc1@aol.com. The rankings will change over time as additional race results are included in the rankings. The rankings methodology (and hence the rankings) may change as the methodology is reviewed and improved over time.
